- Work with the field operations team to optimize metering configurations to best serve our customers
- Understand contractual and regulatory issues relating to the regional grid operator, our customers, and other parties
- Troubleshoot various components related to energy management
- Represent a team who strives for Operational Excellence and first-class Customer Service

Who You Are:

- Self-motivated & determined professional driven to succeed
- Track record of high performance
- Professional communication skills – both on the phone and over email
- Active Listener - listens and asks questions to truly assess needs
- Resourceful – never gives up in finding a way through obstacles to success
- A resourceful self-starter who thrives in a fast-paced entrepreneurial environment and is known for your outstanding time management and project management skills

What We Provide:

- Fun learning environment with incredible growth opportunities
- Access to Executive Leadership Team
- Attractive benefits package with an array of healthcare benefits
- Participation in Employee Stock Option Plan
- Opportunity to be a part of one of the fastest growing cleantech company
